

# Do you think we should have sets of iPads in class, whole sets in cabinets to book out, or both?

DANIEL COOPER JAN 31, 2019 07:59AM

## **Both - Eloise (School Council)**

For me I know that 'Both' is the most appropriate.

This is partially because when we book iPads in class there is a chance we won't get the iPads. We will also begin using a thing called 'Speaker' and if we stick a few in each class everyone in every class will be able to use 'Speaker' which is an app to show emotions. I don't know much about 'Speaker' other than that.

We shouldn't stick all the iPads in all the classes and get rid of the trolley otherwise people won't be able to book the iPads and if they need to complete a task that exact day it wouldn't be good. Another thing in that it would mean that people would have to share, and I admit it I can't work with other people, and it's the same for most of us.

## **Kwaku -Both/ (Bronze ambassador)**

I think we should have both because if we have a few in class and 40 in the trollies we can book them out if we need them and if after the lesson someone hasn't finished their work, they can use the ones in the classroom.

## **Stay the same-Logan(Rights Knight)**

I think it should stay the same because if we have a set of iPads then there won't be enough and that means the teacher will have to do all different things.

## **both-Jai(super ambassador)**

I think we should have a mix so kids get a change of style in class.

It will also feel normal as we still use the booking system.

## **I think we should keep it as it is because we can get them when we need them Adam (shool council)**

## **Both-ConnorR (computer consultant)**

I think both because if someone has to finish their work on hwb the can just go on it to finish it

## **Both-Owen(criw cymraeg)**

Both because everyone can have iPads and so everyone can be happy

## **Both - Hollie (Bronze Ambassador)**

I think both because if one or two people need to finish work in class then they can use the class Ipad's but if the whole class needs to finish work then they can borrow some Ipad's or if their doing a class project then you can borrow Ipad's.

## **Set cabinets of iPads to book(Riley cooper)school council because if some one needs iPads for the class they can book them.**

## **Both-Charlotte(school council)**

I think we should have 2 or 3 iPads in class because we can have some to play on when we have finished our work and also some iPads in the IST sweet.

## **Both Aaron (computer consultant)**

Both because we can still have 2 iPads even that we haven't booked them our

Self.

### **Both Emre school council**

If someone has to do their work and there missing their brake they don't have to go to the ICT room you can just get one from class

### **both Alexandra**

crew cymreag because you can come and get iPads as well as some one in class using there digital skills on any welsh and in welsh and inglish apps .

### **Both-Alfie C(Digitatl leader)**

I think peopole can have more chances to do learn to ict alot and have fun and develop new skils and stil can book the ipad,

### **Both,Rowan,Digital leader**

Because if we have i-pads in class everyone wouldn't get an i-pad and if we would have to book them we would have to wait if a class has all of them.

### **Both Liam Criw Cymreag**

I think we should have both because you have two and three and you can book some too.

Both-Isobel(school council)

I think it will be a good idea for it because it will be easy for teachers and children

### **both-Lucie(Digel leader)**

I think both because you can get iPads when ever you want.

### **Both-Caitlin(Ditgal leader,criw cymreag)**

Because class teachers dont have to book two ipads just for two people to finish there work when there are some in class

### **Both- Kamron(computer consultant)**

I think we should have at least 2 ipads in every class so we can have some in ICT sweet because if you have to less imacs there can be some ipads in the ICT sweet

### **both-lily(supper ambassador)**

i think we should have both because when is wet play time all the classes take them.

### **both-Roxy(school Council)**

because if the class need to finish there work they can use the class ipads and then they can take it in terns

### **both Rhys.w (bronze ambassador)**

i think we should have 1 or 2 i pads in classes because if someone needs to finish there work or something else they will not need to go around the classes looking for spare i pads and if you have this you will not need to do that because you will have i pads in class.

### **Both- Chloe (Computer Consultant)**

I think both because if you need an Ipad or anything and its annoying to go back and forward every time even though we had it for so long i think its a good idea then we can go on ipdas if they need to finish they work on Hwb or anything like that and we could use our digital skills all the time

### **Both-Caitlin (Rights Knight)**

Because it will mean that there will be no issues with booking them out and asking others if they have any spare,It will make it easier & fair .So i think we should defiantly do it, and because we can always have 2 or 4 students working in each class

### **Both Kaitlin bronze ambassador**

I think both because we can have some in class and have them booked.

### **Both Paige (crew cymraug) (Digital leader)**

I think it will be very good for the teacher so thay don't hav to

worry and we can book them

**No I think we shouldn't have iPads in each class because what if a teacher needs them all so why should we have them .And it will leave some space Ella (school council)**
