17th October 2019

Dear Parents/Carers,

P.E.A.S Calendar:

We are delighted to release our P.E.A.S calendar for 2019-20 alongside this letter. P.E.A.S (Parents Engaged Actively in School) is a programme to bring the school and parents closer together through a range of workshops and events. The events will equip parents with information about how we teach your children, as well as allow you to receive practical tips and resources to support your children at home. The workshops are completely FREE and will be delivered by school staff and various professionals. Some workshops will be tailored to provide you with information, whereas some will be fun activities which you'll be able to take part in with your children. All sessions are designed to be fun, informal and supportive.

Specific details about each event will be sent via a text or website link prior to each event. Due to the space in some rooms and the resources required, most workshops will be capped at 20 participants each. In addition to receiving information about ways to support your children's learning at home, we will also provide parents with a raffle ticket for each event you attend. The draw will take place during the final assembly of the year with a range of prizes available, including a £50 Tesco voucher.

Parent Voice:

We'd also like to remind parents about a new tool we're using to promote parent voice in the school. It's a digital comment box where the comments will come through directly to Mrs Luff and myself, before possibly being shared with our parent governors and parent council. This tool can be accessed by visiting the school website on <http://richmondpark.amdro.org.uk/home/information/peas/parent-voice/> - we will also text parents a link to this site for your convenience. If you'd prefer, we're also happy to receive communication via paper or in person.

Please use this form to share your ideas, concerns or positive messages with us. Parent voice is important and we want to hear your ideas about ways we can further develop the school and provide the best learning experiences for your children. We will share these comments (if appropriate/relevant) with parents to show how we've addressed any issues, or to promote your appreciation of what we do as a school, but we will never mention any names of parents or children when doing so. Parents are able to complete this form anonymously if you wish, but please note that it may be required for you to include yours and/or your child's name in order for us to directly address or investigate any issues. *For immediate and urgent concerns, please inform the class teachers or Headteacher as soon as possible instead of using this tool.*

Thank you for your continued support and we look forward to developing a close relationship with all parents again this year!

Kind regards

Mr D Cooper
(Deputy Headteacher)
